MOTOR ENGINE OIL

MOHAG MOTOR ENGINE OIL

SAE 5W30 ACEA C3

MOHAG Motor Engine Oil 5W-30 is a synthetic engine oil formulated from premium quality base stocks combined with high performance additives to give your engine the protection and the performance you expect under a wide variety of operating conditions. It is recommended for all high performance gasoline engine cars equipped with multi valve & turbo charger technologies.

BENEFITS

- Predominantly recommended for all gasoline engines, cars and light vans. Permits use at all temperature and all types of services in town and on high motorways.
- High level of detergency - dispersancy minimizes sludge formation leading to cleaner engines.
- Good thermal stability and oxidation resistance preventing any premature damage at high temperatures.
- Reduction in internal friction leading to improved fuel economy.
- Shear Stability ensuring satisfactory lubrication in service, both hot and cold temperature.

MOHAG DIESEL & GASOLINE ENGINE OIL

SAE 5W30 CK-4/SP

MOHAG Motor Engine Oil 5W-30 is an advanced technology motor oil providing excellent performance in passenger car engines. It is formulated to ensure excellent viscosity retention and superior engine protection under all driving conditions. Guarantees easy cold start and fuel economics due to its extreme fluidity at low temperatures and maintains a very resistant oil film at high temperatures. Recommended for gasoline, turbo charged and multi valved engines

BENEFITS

- Predominantly recommended for all gasoline engines, cars and light vans. Permits use at all temperature and all types of services in town and on high motorways.
- High level of detergency - dispersancy minimizes sludge formation leading to cleaner engines.
- Good thermal stability and oxidation resistance preventing any premature damage at high temperatures.
- Reduction in internal friction leading to improved fuel economy.
- Shear Stability ensuring satisfactory lubrication in service, both hot and cold temperature.

MOHAG GASOLINE & DIESEL ENGINE OIL

SAE 5W40 SP/CK-4

MOHAG Motor Engine Oil 5W-40 is an advanced technology motor oil providing excellent performance in passenger car engines. It is formulated to ensure excellent viscosity retention and superior engine protection under all driving conditions. Guarantees easy cold start and fuel economics due to its extreme fluidity at low temperatures and maintains a very resistant oil film at high temperatures. Recommended for gasoline, turbo charged and multi valved engines

BENEFITS

- Predominantly recommended for all gasoline engines, cars and light vans. Permits use at all temperature and all types of services in town and on high motorways.
- High level of detergency - dispersancy minimizes sludge formation leading to cleaner engines.
- Good thermal stability and oxidation resistance preventing any premature damage at high temperatures.
- Reduction in internal friction leading to improved fuel economy.
- Shear Stability ensuring satisfactory lubrication in service, both hot and cold temperature.

MULTIGRADE ENGINE OIL

MOHAG GASOLINE & DIESEL ENGINE OIL

SAE 10W40 SP/CK-4

MOHAG Motor Engine Oil 10W-40 is an advanced technology motor oil providing excellent performance in passenger car engines. It is formulated to ensure excellent viscosity retention and superior engine protection under all driving conditions. Guarantees easy cold start and fuel economy due to its extreme fluidity at low temperatures and maintains a very resistant oil film at high temperatures. Recommended for gasoline, turbo charged and multi valved engines

Predominantly recommended for all gasoline engines, cars and light vans. Permits use at all temperature and all types of services in town and on high motorways. High level of detergency - dispersancy minimizes sludge formation leading to cleaner

Good thermal stability and oxidation resistance preventing any premature damage at high temperatures.

Reduction in internal friction leading to improved fuel economy.

Shear Stability ensuring satisfactory lubrication in service, both hot and cold temperature.

MOHAG GASOLINE & DIESEL ENGINE OIL

SAE 20W50 API SL/CH-4

MOHAG Motor Engine Oil 20W-50 designed to keep your engine running like new by providing exceptional wear protection, cleaning power and overall performance. High performance oil recommended for all modern Diesel On-Road (trucks, buses) and Off-Road (public works agriculture machines) engines requiring API CH-4 performance. suitable for naturally aspirated or turbocharged engines. heavy duty vehicles and particularly recommended under severe conditions.

BENEFITS

- Recommended for all gasoline and diesel engines, cars and light vans. Use at all temperature and all types of services in town and on high motorways.
- High level of detergency - dispersancy minimizes sludge formation leading to cleaner engines.
- Good thermal stability and oxidation resistance preventing any premature damage at high temperatures.
- Reduction in internal friction leading to improved fuel economy.
- Shear Stability ensuring satisfactory lubrication in service, both hot and cold temperature.

MOHAG GASOLINE & DIESEL ENGINE OIL

SAE 20W60 API SL/CH-4

MOHAG Motor Engine Oil 20W-60 designed to keep your engine running like new by providing exceptional wear protection, cleaning power and overall performance. High performance oil recommended for all modern Diesel On-Road (trucks, buses) and Off-Road (public works agriculture machines) engines requiring API CH-4 performance. suitable for naturally aspirated or turbocharged engines. heavy duty vehicles and particularly recommended under severe conditions.

BENEFITS

- Recommended for all gasoline and diesel engines, cars and light vans. Use at all temperature and all types of services in town and on high motorways.
- High level of detergency - dispersancy minimizes sludge formation leading to cleaner engines.
- Good thermal stability and oxidation resistance preventing any premature damage at high temperatures.
- Reduction in internal friction leading to improved fuel economy.
- Shear Stability ensuring satisfactory lubrication in service, both hot and cold temperature.

MOHAG DIESEL ENGINE OIL

SAE 15W40 API CI-4

MOHAG diesel Engine Oil 15W-40 designed to keep your engine running like new by providing exceptional wear protection, cleaning power and overall performance. High performance oil recommended for all modern Diesel On-Road (trucks, buses) and Off-Road (public works agriculture machines) engines requiring API CI-4 performance. suitable for naturally aspirated or turbocharged engines. heavy duty vehicles and particularly recommended under severe conditions.

BENEFITS

- Recommended for all diesel engines, cars and light vans. Use at all temperature and all types of services in town and on high motorways.
- High level of detergency - dispersancy minimizes sludge formation leading to cleaner engines.
- Good thermal stability and oxidation resistance preventing any premature damage at high temperatures.
- Reduction in internal friction leading to improved fuel economy.
- Shear Stability ensuring satisfactory lubrication in service, both hot and cold temperature.

MOHAG DIESEL ENGINE OIL

SAE 50 API CF-4

MOHAG diesel Engine Oil SAE 50 designed to keep your engine running like new by providing exceptional wear protection, cleaning power and overall performance. High performance oil recommended for all modern Diesel On-Road (trucks, buses) and Off-Road (public works agriculture machines) engines requiring API CF-4 performance. suitable for naturally aspirated or turbocharged engines. heavy duty vehicles and particularly recommended under severe conditions.

BENEFITS

- Recommended for all diesel engines, cars and light vans. Use at all temperature and all types of services in town and on high motorways.
- High level of detergency - dispersancy minimizes sludge formation leading to cleaner engines.
- Good thermal stability and oxidation resistance preventing any premature damage at high temperatures.
- Reduction in internal friction leading to improved fuel economy.
- Shear Stability ensuring satisfactory lubrication in service, both hot and cold temperature.

MOHAG AUTOMATIC TRANSMISSION FLUID

ATF DEXRON - VI

MOHAG Automatic Transmission Fluid is a superior quality fluid specially formulated with a high viscosity index, maintaining the performance levels for a longer period of use and preventing deposits, gums and varnish formation. Selected additives are used to provide higher anti-wear, anti-corrosion and anti-foam ensuring no effects to elastomer's and non-ferrous metals like copper or alloys. These oils ensure precise and smooth automatic shifting of gears at very low speeds. Formulated for use in all type of automatic gears, torque converters, transmission systems, power steering and hydraulic circuits

BENEFITS

- The Quality of gear changing implies a smooth clutching action without excessive slide and free from chatter.
- Low temperature fluidity to eliminate jerking and overloading of circuits when starting in very cold weather.
- Anti-corrosion and anti-rust property as well as high anti foaming property gives extended life and does not effects copper and seals.
- Anti-wear properties protect gear toothing, thrust bearings and pumps

MOHAG AUTOMATIC TRANSMISSION FLUID

ATF DEXRON - III

MOHAG Automatic Transmission Fluid is a superior quality fluid specially formulated with a high viscosity index, maintaining the performance levels for a longer period of use and preventing deposits, gums and varnish formation. Selected additives are used to provide higher anti-wear, anti-corrosion and anti-foam ensuring no effects to elastomer's and non-ferrous metals like copper or alloys. These oils ensure precise and smooth automatic shifting of gears at very low speeds. Formulated for use in all type of automatic gears, torque converters, transmission systems, power steering and hydraulic circuits

BENEFITS

- The Quality of gear changing implies a smooth clutching action without excessive slide and free from chatter.
- Low temperature fluidity to eliminate jerking and overloading of circuits when starting in very cold weather.
- Anti-corrosion and anti-rust property as well as high anti foaming property gives extended life and does not effects copper and seals.
- Anti-wear properties protect gear toothing, thrust bearings and pumps

MOHAG 4T ENGINE OIL

SAE 10W40 API SP JASO MA2

MOHAG 4T 20W-50 is a synthetic high-performance 4-Stroke engine oil formulated specifically to meet the needs of modern motorcycle engines. It is primarily for on-road, high-performance, 4-cycle sport bikes, however, it may be used in other types of on and off-road 4-Stroke motorcycles. It is formulated to help offer outstanding protection in 4-cycle, V-Twin type engines, particularly those which are air cooled and tend to run hotter than other types of engines

BENEFITS

- Optimized friction properties provide consistent power due to reduced frictional losses.
- Excellent oxidation & thermal stability helps in extending oil drain intervals.
- Very good shear stability and excellent viscosity-temperature behavior.
- Superior protection against viscosity and thermal breakdown.

MOHAG 4T ENGINE OIL

SAE 10W40 API SP JASO MB

MOHAG 4T 10W-40 is a synthetic high-performance 4-Stroke engine oil formulated specifically to meet the needs of modern motorcycle engines. It is primarily for on-road, high-performance, 4-cycle sport bikes, however, it may be used in other types of on and off-road 4-Stroke motorcycles. It is formulated to help offer outstanding protection in 4-cycle, V-Twin type engines, particularly those which are air cooled and tend to run hotter than other types of engines

BENEFITS

- Optimized friction properties provide consistent power due to reduced frictional losses.
- Excellent oxidation & thermal stability helps in extending oil drain intervals.
- Very good shear stability and excellent viscosity-temperature behavior.
- Superior protection against viscosity and thermal breakdown.

TUK TUK ENGINE OIL

MOHAG TUK TUK ENGINE OIL

SAE 20W50 API SN JASO MA2

MOHAG 4T 20W-50 is a synthetic high-performance 4-Stroke engine oil formulated specifically to meet the needs of modern motorcycle engines. It is primarily suitable for TUK TUK engines for on-road, and city stop and go traffic. However, it may be used in other types of on and off-road 4-Stroke motorcycles. It is formulated to help offer outstanding protection in 4-cycle, V-Twin type engines, particularly those which are air cooled and tend to run hotter than other types of engines.

BENEFITS

- Optimized friction properties provide consistent power due to reduced frictional losses.
- Excellent oxidation & thermal stability helps in extending oil drain intervals.
- Very good shear stability and excellent viscosity-temperature behavior.
- Superior protection against viscosity and thermal breakdown.

MOHAG GEAR OIL

SAE 85W140 API GL-5

MOHAG Gear Oil is a premium quality lubricant specifically manufactured in order to adapt to the most stringent requirements of manufacturers demanding high extreme pressures and anti-wear levels, high temperatures and cleanness of transmission. Particular additives ensure excellent anti-foam, anti-corrosive, anti-rust properties; meeting wide range of API levels and SAE grades. Suitable for mechanical transmission system working in severe condition, lubricating mechanical gear boxes and reduction drives in the following; lorries, trucks, agricultural and constructions machinery in severe operating conditions.

BENEFITS

- Multi-functional use in many axles and gear boxes of a wide range. Increase extreme pressure and anti-wear properties for an optimized lubrication hypoid and non-hypoid axles.
- Very good thermal performance guarantees the product stable under heavy loads and at high temperatures.
- Carefully designed frictional properties with base components selected to reduce vehicle fuel consumption

MOHAG GEAR OIL

SAE 80W90 API GL-5

MOHAG Gear Oil is a premium quality lubricant specifically manufactured in order to adapt to the most stringent requirements of manufacturers demanding high extreme pressures and anti-wear levels, high temperatures and cleanness of transmission. Particular additives ensure excellent anti-foam, anti-corrosive, anti-rust properties; meeting wide range of API levels and SAE grades. Suitable for mechanical transmission system working in severe condition, lubricating mechanical gear boxes and reduction drives in the following; lorries, trucks, agricultural and constructions machinery in severe operating conditions.

BENEFITS

- Multi-functional use in many axles and gear boxes of a wide range. Increase extreme pressure and anti-wear properties for an optimized lubrication hypoid and non-hypoid axles.
- Very good thermal performance guarantees the product stable under heavy loads and at high temperatures.

HEAVY DUTY GEAR OIL

MOHAG HYDRAULIC OIL

David Brown No./Grade
2EP 3EP 5EP 5EP 5EP 7EP

ISO Grades

10W 32 46 68 100 150 220 320 460

MOHAG Hydraulic oil is a premium quality anti-oxidant, anti-wear & anti-rust hydraulic oil for industrial hydraulic applications. It is blended with selected high quality base stocks and special additives that deliver excellent demulsibility, superior oxidation & thermal stability and excellent load carrying capacity. It is applicable where hydraulic systems are susceptible to deposit build-up or where sludge and deposits form with conventional product systems containing gears and bearings.

MOHAG TURBINE OIL

ISO Grades

32 46 68

MOHAG Turbine Oil is a very high-quality, rust and oxidation (R&O)-inhibited circulating oil developed for use in industrial steam turbines, rotary air compressors, and many other industrial applications. It is specially formulated to protect against sludge and varnish formation to provide long service life.. It is blended with selected high quality base stocks and special additives that deliver excellent performance.

MOHAG LITHIUM GREASE

EP0

MOHAG Lithium EP 0 grease is a high performance EP lubricant providing protection against vibrations and high (shock) loads, without losing its capabilities. Developed for trucks and buses, equipped with a central lubrication system, in engine reducers and gearboxes for which an NLGI-0 grease is advised. This grease is semi-fluid and has a homogenous structure, providing a good pump ability, also for remote greasing. Also at low temperatures, this grease maintains its high performance level.

MOHAG MARINE GREASE

NLGI2

MOHAG Lithium NLGI MARINE grease is a high performance EP lubricant providing protection against vibrations and high (shock) loads, without losing its capabilities. High-performance grease for all lubrication points on board. It reduces friction, wear & tear and remains greasy for a long time. In addition, it is cold and hot water-resistant, water repellent, and absolutely seawater resistant. For marine, motorcycles, auto-motive, and more.

MOHAG WHEEL BEARING GREASE

NLGI3

MOHAG BEARING GREASE NLGI 3 Wheel bearing grease is used to lubricate wheel bearings both in heavy-duty as well as light-duty vehicles. This grease can also be applied in roller bearings in other applications. The operating range lies between -30°C and 150°C and it is water resistant. MOHAG BEARING GREASE NLGI 3 Wheel bearing grease is used to lubricate wheel bearings both in heavy-duty as well as light-duty vehicles. This grease can also be applied in roller bearings in other applications. The operating range lies between -30°C and 150°C and it is water resistant.

MOHAG BRAKE FLUID

DOT-3 DOT-4

MOHAG Brake Fluid is a premium quality fluid formulated from specially with high dry and wet boiling points adjusted to high temperatures encountered in breaking systems preventing vapor lock. It provides protection for metals and used in the braking systems and is compatible with rubber seals and hoses. Particularly suitable for brake circuits in severe conditions. Recommended for use in all passenger cars, trucks, buses and heavy duty vehicles where the manufacturer recommends the use of DOT 3 or DOT 4 fluids.
